

Notice of Special Work Session of the Alaska State Board of Education and Early Development under Emergency Circumstances

The Alaska State Board of Education and Early Development will hold a special board work session on March 25, 2020, under emergency circumstances. The purpose of the meeting is to receive an update from Commissioner Dr. Michael Johnson on department activity relating to the COVID-19 virus. This board update is necessary in light of Governor Dunleavy's public health disaster emergency declaration of March 11, 2020, and the public health mandates relating to public education that have been issued by Governor Dunleavy since then.

The work session will be held by audio conference originating from the commissioner's office conference room at 801 West 10th Street, Juneau, Alaska. The meeting will begin at 3:00 p.m.

The board will not take public comment. The public is invited to listen to the audio conference, which is expected to last one hour, by calling 1-800-315-6338 and using access code 16107. Public in-person attendance will not be provided in light of the public health disaster emergency and the related public health mandates.

The board may amend its published agenda. Agenda times are estimates only, and the board may consider agenda items out of order without amending its agenda. The board's meeting agenda is available online at http://education.alaska.gov/State_Board/ by clicking on the meeting date.
